

Carr's Landing Community & Recreation Association

August 18, 2026

Written Application for Grant in Aid

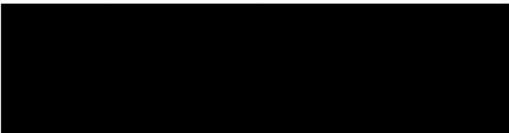

The Carr's Landing Community & Recreation Association (CLC&RA) is a Society registered in the province of British Columbia, run entirely by volunteers. The purposes of the Society are to preserve and enhance the amenities of the area defined as the Carr's Landing Neighbourhood Constituency in the District Municipality of Lake Country.

Periodically, the CLC&RA conducts a survey of Carr's Landing residents and visitors to identify their key parks, recreation and cultural priorities. The results of the surveys are shared with the District of Lake Country to assist the District in prioritizing projects within the parks and recreation budget.

In order to anonymously request and collect information, the CLC&RA has used a software program, SurveyMonkey. The basic version is free, however, in order to design and collect data in a most efficient and user-friendly format, a monthly subscription is required. The CLC&RA has determined that two months are required to conduct and analyze the survey. The funds requested will be used to pay for a two-month subscription to SurveyMonkey.

A similar survey was conducted in 2019. The survey results and feedback provided to the District resulted in significant upgrades to area parks and benefitting the residents of Lake Country. Any actions taken by the District based on this updated survey will provide similar benefit to residents and visitors to Lake Country.

The budget for this project is \$266 to cover the SurveyMonkey subscription.
