Description: Council Strategic Priorities

RECOMMENDATION

THAT Council adopt the Council Strategic Priorities 2024-2026 as presented.

EXECUTIVE SUMMARY

At the start of each Council term, Council sets strategic priorities to provide clear direction for both the community and administration. These priorities reflect the community's vision, respond to emerging challenges and opportunities, and ensure that resources are aligned with Council's goals.

Through a series of workshops and discussions in 2024, Council updated their priorities for the 2024–2026 term. These have been consolidated into the *Council Strategic Priorities 2024–2026* document.

The priorities highlight Council's commitment to five key areas: **Infrastructure, Environment & Climate Action, Economic Prosperity, Governance, and Community.**
