Statement of Objectives and Policies

In accordance with Section 165(3.1) of the Community Charter, the District of Lake Country is required to include in its Five-Year Financial Plan (2026 - 2030), objectives and policies regarding each of the following:

- A. The proportion of total revenue that comes from each of the funding sources described in Section 165(7) of the Community Charter;
- B. The distribution of property taxes among the property classes; and
- C. The use of permissive tax exemptions.

1. Funding Sources

The objectives and policies pertaining to municipal revenue which are incorporated into the District of Lake Country's Financial Plan include:

- The build-up of reserves to minimize the need to borrow for future capital projects;
- Provide sufficient operating funds to ensure existing infrastructure is properly maintained to maximize its lifespan;
- Pursue infrastructure grants from senior levels of government to lessen the impact on local property taxation and user fees;
- Review user fees to match operational costs, where appropriate;
- Examine business opportunities to raise revenue for the District of Lake Country; and
- In year 1 (2026) of the five-year plan, the proportion or percentage of total revenue from the various revenue sources, as detailed in the Financial Plan, is summarized in Table 1 below.

Table 1: Sources of Revenue

Revenue Sources	2026
Property Taxes	40.29%
Parcel Taxes	1.47%
Fees & Charges	23.92%
Other Revenue	23.58%
Transfers from DCC Restricted Revenue	10.74%
Total Revenue	100%

2. Distribution of Property Taxes

It is Council's goal to ensure there is a fair and equitable apportionment of taxes to each property class. The objectives and policies pertaining to the distribution of property taxes among the property classes and incorporated into the Financial Plan include:

- Regular reviews and comparisons of the District of Lake Country's tax burden relative to other BC municipalities and its neighbours to ensure a competitive tax structure and rates;

- Adjustments to taxation levels for specific property classes, where appropriate, based upon the reviews;
- Application of the general municipal tax increase to each property class individually so that each property class is impacted equally, relative to other property classes;
- Decrease (or increase) tax rates to offset the market increase (or decrease) in average taxable assessment within each property class compared to the previous year prior to applying the general municipal tax increase; and
- The use of non-market growth in the assessment roll due to new construction and development to assist in covering expenditures required to service the additional burden on the infrastructure and services within the District of Lake Country.

Table 2 below highlights the estimated municipal property tax dollars and the respective percentages to be collected from each of the tax classes for 2026.
